Examiner's Amendment and Reasons of Allowance

The Status of Claims

Claims 1-3,5-22,26-28 are pending.

Claims 1-3,5-22,26-28 are allowable.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with an attorney of record, Kelly Cummings on 12/04/08 .

2. The application has been amended as follows:

In claim 1, line 32, on page 3 (the amendment dated on 11/18/08), the term “ -- about -- ” before the numeric term “1.0 ” is deleted.

- The following is an examiner's statement of reasons for allowance:

- The rejection of Claims 1-28 under 35 U.S.C. 103(a) as being unpatentable over Housley et al (US 2001/0007910) in view of Spiller et al (US 2,962,361) has been withdrawn due to the modification of the claim in the amendment; none of the prior art expressly teach that the solvent is introduced into a subsequent stage of the process and the optical density of 340 nm of the second product mixture containing the dicarboxylic acid product is less than 1.0 during the prior art process. Therefore, the claimed invention would not have been obvious to the person with an ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the communication after allowance such as sending all post-allowance correspondence should be directed to "Box Issue Fee" or faxed directly to PUBS at 703-305-8755. This will expedite the process of these papers.
